

2026 Corporate Sponsorship Program

Nature in Action: Where Businesses Become Environmental Leaders

For nearly 60 years, Lacawac Sanctuary Foundation has protected one of Pennsylvania's most remarkable ecological treasures: Lake Lacawac, old-growth forests, wildlife habitat, and 628 acres of preserved land. As a field station, environmental education center, and public nature preserve, Lacawac connects science, students, families, and the community to the natural world. Your business can play a critical role in this work. Through our 2026 Corporate Sponsorship Program, you will join a growing movement of companies committed to conservation, STEM education, community engagement, and environmental leadership.

Why Your Support Matters

Your corporate sponsorship directly supports Lacawac's mission, programs, and initiatives:

STEM & Environmental Education

Educational experiences that engage more than 3,000 students annually, fostering environmental literacy through hands-on, inquiry-based learning.

Land Preservation & Public Access

Protection and stewardship of Lacawac's forests, wetlands, and trails—preserving wildlife habitat while providing safe, meaningful access for visitors.

Community Connection & Engagement

Inclusive community programs and events that connect children, families, and adults to nature through exploration, recreation, and shared learning experiences.

Environmental Research & Freshwater Science

Expansion of the PLEON Lake Monitoring Program and other citizen science initiatives that monitor water quality and protect regional lakes and watersheds.

Become a Corporate Sponsor in 2026
